Subject Line: Let's make it easier on ourselves

Aloha [Name],

I hope your day is going well! I've been thinking a lot about our organization's challenges and have been exploring solutions that could help ease some of the burdens our team is currently facing. I came across [simplicityHR by ALTRES](#) and was impressed by their service offerings.

simplicityHR by ALTRES is a third generation, kama'āina company, with a mission to make business simple for our local business community. Thousands of organizations across the state trust them to take care of their payroll, HR, benefits administration, and compliance support, saving them time and money.

From my research this is what makes simplicityHR by ALTRES stand out:

- **Comprehensive HR & payroll support:** They handle all the administrative tasks that come with being an employer. Better yet, their clients are indemnified from liability for any errors related to payroll, HR, or compliance.
- **Locally owned & operated:** As a Hawai'i-based company, they can better understand the unique challenges of doing business here. And because their support team is here, we can talk to a member of their team without the hassle of phone tag or long wait times.
- **Award-winning HR technology:** [HR Symphony](#) is their proprietary software that centralizes HR, payroll, and benefits administration, accessible online or on their mobile app. We don't have to manage multiple platforms and employees can easily log in to take care of what they need to.
- **Cost-savings & stabilization:** As a local company that truly cares about supporting other businesses in our community, they'll help ensure our costs stay consistent and predictable. No more surprise rate hikes, just steady, reliable support we can trust.

Given these benefits and additional feedback I've heard from others, I believe it may be worth exploring a partnership with simplicityHR. They have a great [FAQ page](#) on their website that I think will help to answer any additional questions you may have.

I'd be happy to set up a quick meeting with their team so we can see how their solutions can support us. Please let me know if you have any questions and how I can help move this forward.

Thank you for considering this opportunity to improve our payroll and HR operations.

Mahalo,
[Your name]
